CONTAINERIZING THE APPLICATION:

The screenshot displays the Docker Desktop application interface. On the left is a dark sidebar with navigation options: 'Containers' (selected), 'Images', 'Volumes', 'Dev Environments' (marked BETA), 'Extensions' (marked BETA), and 'Add Extensions'. The main panel is titled 'Containers' and includes a 'Give feedback' link. Below the title is a descriptive sentence about containers and a 'Learn more' link. A toggle switch labeled 'Only show running containers' is currently turned on. To the right of the toggle is a search bar and a menu icon. Below these elements is a table listing containers. The table has columns for a checkbox, an icon, 'NAME', 'IMAGE', 'STATUS', 'PORT(S)', 'STARTED', and 'ACTIONS'. One container is listed: 'kind_saha' with ID '90dd6397eafd', using the 'app:latest' image, in a 'Running' state, with ports '5000:5000' and started '7 seconds ago'. The bottom status bar shows system metrics: 'RAM 3.38GB', 'CPU 4.07%', and 'Connected to Hub', along with the version 'v4.13.0' and a help icon. The text 'Showing 1 items' is located in the bottom right of the main panel.

Containers [Give feedback](#)

A container packages up code and its dependencies so the application runs quickly and reliably from one computing environment to another. [Learn more](#)

☒ Only show running containers

| <input type="checkbox"/> | | NAME | IMAGE | STATUS | PORT(S) | STARTED | ACTIONS |
|--------------------------|---|---------------------------|----------------------------|---------|---------------------------|---------------|---|
| <input type="checkbox"/> |  | kind_saha 90dd6397eafd | app:latest | Running | 5000:5000 | 7 seconds ago |    |

Showing 1 items

RAM 3.38GB CPU 4.07%  Connected to Hub v4.13.0
